

An Ohio "Excellent" Rated School ~ 2003 National Blue Ribbon School

What a dynamic presentation he gave to our players about how he was determined to prove his doctor's wrong in that he was going to walk again!! What a message he had about how important a part Mental Toughness and Determination played in order to achieve a goal of this nature.

To me, Mr. Schroeder has a powerful message to offer for boys and girls of any age in any walk of life on what it takes to achieve one's goal(s) in life!!

Sincerely,

Mr. Dick Kotsch
