To Whom It May Concern:

This letter is in support of Matt Schroeder as a motivational speaker. Matt does a tremendous job of motivating all people to overcome their obstacles and realizing that the sky is indeed the limit. Matt's presentation held the attention of the audience and inspired them to "reach for the stars". Matt's use of humor and real life stories solidified his presentation and received nothing but great feedback from students and staff.

I highly recommend Matt Schroeder for a presentation at your school.

Sincerely,

A handwritten signature in black ink that reads "Gregg Pettit". The signature is written in a cursive style.
